OFFERED BY

HUBERT BULB CO.

PORTSMOUTH, VA.

AMERICA'S LARGEST BULB GROWERS

TO OUR FRIENDS AND SUPPORTERS:

IN submitting our "WHOLESALE LIST OF AMERICAN-GROWN AND IMPORTED BULBS" for season 1913, we take great pleasure in again thanking our numerous friends for their kind support, without which we would have been unable to bring our business up to its present high efficiency.

While all reports indicate a general scarcity and smallness in size of all Dutch and French Bulbs, we are pleased to report that all our stocks are looking remarkably fine and we anticipate sending out Bulbs equal in every respect to those of other seasons.

Most of the bulbs herein listed have been grown here in Virginia where the soil and climate are ideal for their perfect development; our **Imported** stock comes direct from our European branches and connections and **is the best procurable**

Our bulbs bloom from a week to ten days earlier than imported, thus saving considerable fuel when quantities are grown under glass.

Remember, when comparing prices, you have no duty, import freight charges, cases or packing to pay.

Large Planters and Dealers wishing to purchase bulbs in large quantities should write for special prices. While we have made prices in this catalog very low, yet where a number of thousands are wanted we can frequently supply them at a lower cost.

We respectfully call the attention of our customers to the advantage of placing orders at an early date, which not only insures getting the **First Pick**, but also prompt delivery of their orders.

To those who have never tried our Bulbs, we might say, by way of inducement, that our stocks are being used more extensively all over the States by dealers as well as growers, who send us very gratifying reports as to their blooming qualities. It is also very gratifying to us to note that our first customers still continue to send us their orders and to recommend us to their friends.

If we number you among our customers we trust that our bulbs and service have been so good as to warrant a continuance of your patronage.
